[Damien Rice:]

Grow up, child, come and face me
We've held on like orphans to a faded dream
We're not what we were. We won't fit in
We don't have to fight what is not what it seems
So don't think I'm going back to beginning

[Lou Rhodes:] Oh, my love

[Damien Rice:] Are you listening

[Lou Rhodes:] Been trying so hard to understand

[Damien Rice:] I'm not here

[Lou Rhodes:] What turns the heart of a man

[Damien Rice:] We've tried, and failed, again

[Lou Rhodes:]

Hold me tight, where did you go
The look in your eyes is scaring me so
I feel so lost and we are this way
The dreams of tomorrows or of yesterdays
If I could re-come back to beginning

[Lou Rhodes:] Oh, my love

[Damien Rice:] Are you listening

[Lou Rhodes:] Been trying so hard to understand

[Damien Rice:] I'm not here

[Lou Rhodes:] What turns the heart of a man

[Damien Rice:] Oh we've tried, and failed

[Lou Rhodes:] No no no no, oh, my love

[Damien Rice:] You're not listening

[Lou Rhodes:] Been trying so hard to understand

[Damien Rice:] I'm not here

[Lou Rhodes:] What turns the heart of a man

[Damien Rice:] We've tried and failed, again
