Sunshine takes me
To a place where
I'm living free

Something in your eyes
Is telling me
This is where I want to be

But I never thought it would be
So

Sweet, sweet, sweet
The way you make me feel

Funny
How it just gets
Sweeter and sweeter
Day by day
It's sweet how
You just get funnier to me
In every way
But I never thought it would be
So

Sweet, sweet, sweet
The way you make me feel
Sweet, sweet, sweet
I can't believe you're real

It's so rare
To find someone
Who
Brings on the sunshine the way you do
You're so

Sweet, sweet, sweet
The way you make me feel
Sweet, sweet, sweet
I can't believe you're real
