Virginia death threat  
Virginia creeper vine  
The hands that feed intent  
Choke the purpose of this time

Take all that you can give  
And I will make it mine  
No care for what you've spent  
Even fool's gold has its shine

Never held down  
Never restrained  
Virtue's foot to the throat  
Free of broken chains

Thus always to tyrants  
Laugh at the conquered  
The victims now betray

And in this Commonwealth  
There's merely a common concern for self  
We hold these lies to be self-evident  
As the dividends will reflect

And in this Commonwealth  
There's merely a common concern for self  
The coffers have long run dry

Never held down  
Never restrained  
Virtue's foot to the throat  
Free of broken chains

Thus always to tyrants  
Laugh at the conquered  
The victims now betray  
The victims now betray

Like a bull in a China shop  
But the shelves have all been cleared  
A thief in an empty vault  
The sheep already sheared

Like a bull in a China shop  
But the shelves have all been cleared  
A thief in an empty vault  
The sheep already sheared

A screen door on a submarine  
An eagle with a broken wing  
Hope in a dead man's dream  
The sound of a bell that will never ring

You're just wasting time  
You're just wasting time  
You're wasting time
