I just got the news today you were dying,
Hot Damn! We're already partying.
But please, before you have to leave,
Let me tell you a few last things.

Suffer, unto me.
Indulge, my every need.

I don't want to meet you halfway.
I've always despised this fucking place.

Suffer, unto me.
Indulge, my every need.

I'm not offering you my way.
I'm kicking you down the fucking highway.

Get one thing straight from the get go,
I truly don't give a fuck about you.
I never have and I never will,
Each day you breathe it's more time to kill.

Get one thing straight from the get go,
I truly don't give a fuck about you.
I never have and I never will,
Each day you breathe it's more time to kill.

I never have and I never will.
I never have and I never will.

Fuck, Your, World, Up.

God Damn!

Your,
Last,
Breath,
I'll take it now.

Your,
Last,
Breath,

I'll take it now.

Your,
Last,
Breath,
I'll rip it away,
And haunt your dreams in your final sleep.

(You can wish in one hand and shit in the other and see
which one filled up first
Your numbers come up and it sure as hell ain't a lucky
one, son.)

Get one thing straight from the get go,
I truly don't give a fuck about you.
I never have and I never will,
Each day you breathe it's more time to kill.

Get one thing straight from the get go,
I truly don't give a fuck about you.
I never have and I never will,
Each day you breathe it's more time to kill.

I never have,
I never will,
Never will.

I never have,
I never will,
Never will.
