Witness shame's parade, the pain of blame repaid  
It's fucking hopeless accusations and denial

Hopeless, demon of another day  
Colorless, stoned, solid gray  
Emptiness, of promises I made  
So faithless, the tenants long betrayed

Walk the faded line, cursed crawl of time  
Silence, the only promise ever kept

Familiar touch, a ritual to numb the cut, salvation in  
vice

Anguish is realizing what could have been, but never  
was  
It's emptiness that fills the cup devotion in the method  
of my fall

Pointless, futility continuing  
Endless, flowing corrupted vein

Walk the faded, cursed crawl of time  
Walk the faded, cursed crawl of time  
Silence, the only promise ever kept

It's fucking hopeless  
Hopeless, hopeless, hopeless  
It's fucking hopeless  
Hopeless
