Pray for blood Pray for the cleansing Pray for the flood
Pray for the end of this nightmare This lie of a life can
as quickly as it came dissolve

We seek only reprieve And welcome the darkness The
myth of a meaning, so lost and forgotten

Take hold of my hand For you are no longer alone Walk
with me in hell

Pray for solace Pray for resolve Pray for a savior Pray
for deliverance Some kind of purpose, a glimpse of a
light in this void of existence

Oh... Now witness the end of an age Hope dies in hands
of believers Who seek the truth in the liar's eyes

Take hold of my hand For you are no longer alone Walk
with me in hell

Walk with me in hell Walk with me in hell Walk with me
in hell Walk with me in hell Walk with me in hell

Take hold of my hand For you are no longer alone Walk
with me in hell

Walk with me in hell Walk with me in hell

You're never alone You're never alone You're never
alone

You're never alone You're never alone Walk with me in
hell
