"Magnificent Obsession"

Visit "[Magnificent Obsession](#)" on MotoLyrics.com

We all know love is free
But gets you fried chicken
I hear those people ring
Conversation, listen
A false security
Breezes of the past
Impossibility
Reminds us of what's best
Lost in topography
Each with our possessions
Those difficult days
A butcher of our conscience
A public enemy
That reaches for our guts and heart
A possibility
A magnificent obsession
A possibility
A magnificent obsession
