Sadly, all of our business
Is the business of our dying here at home
And you ought to understand that
For the moment things sounds pretty good that way

I know nothing of consensus
But I'm pretty sure the message got from Palestine to
Rome
And your family doesn't live there
Since the wall and your old spotted dog came down

And sha la la la la you'll get it
Sha la la la la forget it
Sha la la la la forever more

And sha la la la la you'll get it
Sha la la la la forget it
Sha la la la la forever more
Can you feel me now?
Can you feel me now?

I am waiting for our parents
To arrive about an hour from now
And they say that security
And the weather won't be decent anyhow

I've been looking through these pages
Of a diary that they made me keep in school
And the words were really awful
But this picture that I found of you was cool

And sha la la la la you'll get it
Sha la la la la forget it
Sha la la la la forever more

And sha la la la la you'll get it
Sha la la la la forget it
Sha la la la la forever more
Can you feel me now?
Can you feel me now?
