Cast a fishing net into the stream  
Contemplate the meaning calculate the mean  
There are many here who haven't seen the things  
I havent i've seen  
It's like having awakend from a dreamers dream  
And i'll know  
And you'll know  
That you'll roll  
Down the hole

And from a wading pool a chrstian drinks  
And from a talktype show the liberal thinks  
A bombastic vision, a theatric response  
A monumental occasion the seems to happen  
But once and the hour - is like a shower  
Do not cower - as jerry clower

Rotting bodies wrapped in black cowhide  
Sit at a table on your mothers side  
And its time to pick a dish time now to decide  
What raw desire often signifies  
And the clown  
Lays on the ground  
I have found  
You're out of town

Schucks
