To whom can i speak today  
The brothers they are evil  
And the old friends of today  
They have become unlovable  
To whom can i speak today  
The gentleness has perished  
And the violent man has come down on everyone  
To whom can i speak today  
The wrong which roams the earth  
There can be no end to it  
It is just unstoppable  
Death is in my sights today  
And when a man desires  
To see home after many years in jail  
February through december  
We have such a tragic hue  
As separate as the fingers  
Or suddenly as one as the hand  
And the violent man comes down on everyone
