Look me right into my eyes and tell me
That I would do the same thing that you have done
Look at me and tell me that you're sorry
'Cuz the next time you want me I will not be here

I cannot explain, the feeling and pain
When you broke my heart into

[Chorus]
And all the roses you gave me
Did you believe it could save me?
I really thought that you wanted me to be
The onlyone in your life
But I was wrong, I was so wrong

Look at me and say that you can love me
I just want to hear you before I leave
Don't come crawling to me when you miss me
I don't want to see you anymore

I don't want you here, I'm going away
Just to make sure that you cannot reach me

[Chorus]
And all the roses you gave me
Did you believe it could save me?
I really thought that you wanted me to be
The onlyone in your life
But I was wrong, oh so wrong

[Chorus]

[Chorus]
