Shut your mouth
Kick her down
You're looking to pretty
Wipe it off
Don't make a sound
'Cause enemies they don't pity

God know I've cried
Thinking, I was the only
But this is my life
And finally I realized that...

L can do anything I want
L can do anything I want
And there is nothing else that matters, Yeah

You're out of line
Keep it down
Did you think someone will listen

But you will survive
Somebody told me
'Cause this is your life
And finally I realized that

L can do anything I want
L can do anything I want
And there is nothing else that matters, Yeah
I can do anything I want
And there is nothing else that matters, Yeah

God know I've cried
Was I the only
But this is my life

L can do anything I want
L can do anything I want
And there is nothing else that matters, Yeah

L can do anything I want
L can do anything I want
And there is nothing else that matters, Yeah

I can do anything
I can do anything
And there is nothing else that matters, Yeah

I can do anything
I can do anything
