The first time we were together,  
when you looked at me.  
Everything was perfect.

But now I know that it wasn't so.  
It seemed like you were down.  
Please tell me what is wrong.

I know the saints come to call,  
and bring your obsession.  
To save you from your fall.  
Victim I know it all.

And every time that you are down,

I'll try to be by your side.

It hurts when you are down,  
and I hate to see you cry.  
I wish that I could find a way to make it go away.  
I feel so helpless when I try.

When you are down and I ask you why.  
You always say it's nothing.  
It's so hard for me to try to help you  
when you never let me in.
