Back in 98' when I'd just met you.
I was so in love that I could barely walk.
I never thought you would like me.
But when you kissed me it was fucking wild!

And that night, 8th of December,
still gives me a feeling in the back of my neck.
When I can't see your face,
I've got my very own picture.

In bed with deep blue eyes.

Dark hair, picture perfect.
I bring it back to me every time I miss you.

When I miss you,
I bring back the photograph in my mind.

I still feel the same for you.
I couldn't have found anyone better.
You know I love you more each day.
Each day, until I die...
