They're all above me
Beneath me
Before me
They're all around me
My Father's Angels all protect me everywhere

They're all above me
Beneath me
Before me
They're all around me
My Father's Angels all protect me everywhere

I could never stray so far
My Father would lose track of where I am
Angels walk beside me
Holding tightly to my hand

They're all above me
Beneath me
Before me
They're all around me
My Father's Angels all protect me everywhere
Even when the night's so dark
I just can't see a thing in front of me
I won't need to worry
They can see me
They can see me

They're all above me
Beneath me
Before me
They're all around me
My Father's Angels all protect me everywhere

They're all above me
Beneath me
Before me
They're all around me
My Father's Angels all protect me
His angels all protect me
My Father's Angels all protect me everywhere
