Packing my bags i hear your song on the radio
Oh makin'me smile and think
I should call you, i know (oh, oh)
In a couple of days i was gonna call
You and say hey!
How much you mean to me
How i think of you always
And god, if i'd only just told you
God, if i smply just told you
Like i truly meant to

CHORUS

Why dind't i say so
Why dind't i just call
One day just to say
Hey i think you're such a legend
Why did i wait so long
To pick up the phone and call
For those left behind
Never's such a long time

Singing along to your song on the radio
Thinking it won't be long
I'll get to tell you the way
You came into my life
It changed

Then the call came
One you don't want to hear again
Life would never be the same
I would nevre see you again

O god, if i'd only just told you
God, if i simply just told you
Like i truly meant to

CHORUS

Whay didn't i say so
Whay didn't i just call
One day just to say
Hey i think you're such a legend

Why did i wait so long
To pick up the phone and call
For those left behind
Never's such a long time

Such a long time
Such a long time
Never's such a long time
For those left behind

There will always be regret
Why did i let myself forget
Now sorrow clings to my vine
If only i'd made tomorrow
Made tomorrow mine today
And now a million tomorrows
A million tomorrows shall
Pass away - ('til)

CHORUS

The next time you see me
I hope you'll forgive me
For all the times i didn't did not
But i should have said
Why did i wait so long
To pick up the phone and call
For those left behind
Never's such a long time
