Feelin lost - in familiar places
Havin fallen from a few good graces

So many sandy years
Dusted and wasted
How from there did i get here

I wanna be east of anywhere
(take me) out of the everywhere
Into the here

Sublime to ride
Reside
Up high
In wide-open big sky country

Sweet space to satisfy me

Alone on the frontline of life
With no foundation
Return to my train of thought
But i miss the station
Wake up every morning
Heading for yesterday
How do I make all my troubles go far away

I wanna be east of anywhere
(take me) out of the everywhere
Into the here

Sublime to ride
Reside
Up high
In wide-open big sky country

Sweet space to satisfy me

It was easier for me to see
Without looking too far
(But) the more that it changes
The more it stays the same

Plus ca change
Plus c'est la meme chose

And so it goes
Nobody knows
Why we're here

I wanna be east of anywhere
(take me) out of the everywhere
Into the here

Sublime to ride
Reside
Up high
In wide-open big sky country

Sweet space to elevate me
Sweet space to satisfy me
Sweet space to be when I've become
Sweet fate only knows when
I will be done

Into the here
Into the here
I wanna go
