Shoulders shrugged and heads held high it's a cold
cold world
But you sure fit in fine
Seems to me conviction has died
Well it's easy to do
Shoulders shrugged and head down,
It's a cold cold world,
But you sure fit in fine
Seems to me conviction
Well it is easy to do
When love is pushed aside
But life holds no guarantees
So make sure you're who you want to be

Let the rain take its toll
Let it downpour on my soul
When passions gone
Start over
Let the wind blow and break
Down all of my mistakes
When love is lost
Start over...
Start over

Lately life and chaos
Go hand in hand
Well it's hard to ignore security
And future plans
So you try to fit in or find your way
You gain the whole world
But sadly lose your faith

Life holds no guarantees
So make sure you're who you want to be

Let the rain take its toll
Let it downpour on my soul
When passions gone
Start over
Let the wind blow and break
Down all of my mistakes
When love is lost

Start over...
Start over
O, start over
Start Over
Start Over

Let the rain take it's toll
Let it downpour on my soul
When passions gone
Start over
Let the wind blow and break
Down all of my mistakes
When love is lost
Start over...
Start over
Start over
Start over
Start over
Start over
