all my friends
shook it up
while i got trapped in time
and documents
leading up
so everything was mine
and my head won't stop
what happens then
and my heart it closes up

fucking around
pretending there's a problem
fucking around
pretending there's a problem
figure it out
hustling leaves me white-hot,
blue in the face
eyes blood shot
shock shifting
sound loving is so easy
figure it out

i did wrong
go on and leave me now
and here I thought
I'd changed
but I can be so bad
ooh and how
did bad get such a range

and my head won't stop
what happens then
and my heart it closes up
and my head won't stop
what happens then
and my heart it closes up

fucking around
pretending there's a problem
figure it out
fucking around
pretending there's a problem

figure it out

hustling leaves me white hot
blue in the face
eyes blood shot
shock shifting
sound loving is so easy
figure it out
