Lucky for me to think
this only happens one time
we got along more or less life's long
can't tell

i pick it up there
'cause i want it and I want it that bad
i need help with direction
leave it alone
dear
you see
it comes back
come back

we need like a song
but that's not all
we need a friend
who won't push us around
party in the danger
licking off the way we were

as that's a lonely line
you said in sign
i don't want the cause
i can't keep a cause
shock, shift and shake off
bid the last/first farewell
we got along more or less
life's long can't tell
and I pick it up there
cause i want it and i want it that bad
i need help with direction
leave it alone
dear
you see it comes back
come back

we need like a song
but that's not all
we need a friend
who won't push us around
party in the danger

licking off the way we were
that's a lonely line
i said in sign
i don't want the cause
i can't keep the cause
