Don't give me those blank stares  
You act as if you just don't care  
But I know you do...

And "I love" may seem overrated  
But you know you need me by your side  
Ohhh that's right...

Complicated  
Ooh the walls are coming down  
We know we know they're gonna fall  
Complicated, just me and you

Cause I can say one thing  
You can hear different words  
I never said we'll never learn  
Complicated, just me and you  
Me and you

(Guitar)

I don't solely blame you for  
The things we don't do,  
Things we leave unsaid  
At least not yet

Cause I can be just as quiet  
But I'm starting to speak  
What's on my mind  
At least I try...

Complicated  
Ooh the walls are coming down  
We know we know they're gonna fall  
Complicated, just me and you

Cause I can say one thing  
You can hear different words  
I never said we'll never learn  
Complicated, just me and you  
Me and you  
Me and da da da da...

Why is it that we fight  
This still feels so right  
It's complicated, I hate it,  
But everything  
Will be better if we try  
Heed this line

(Guitar)

Da da da no...
