Child ^^ My heart skips a beat for you
More than I need to, it feels like
You're the reason I never sleep
You're safe with me all through the lonely night

And I .. I'll be your apple tree
Give you all you need and gladly mourn
When you feel that you don't need me
But just wait and see what I've got in store for you

Little Darlin' Little Darlin'
Won't you let me
Let me love
love you like I
Like I want to, like I want to Little Darlin'
Because you know
I'm dying to love you

I'll be your sunny day
So that when you play. I'll shine down on you
Love, I'll be your moonlit night
So you'll have a light when the sun is through world

Little Darlin' Little Darlin'
Won't you let me
Let me love
love you like I
Like I want to, like I want to Little Darlin'
Because you know
I'm dying to love you

[Piano Solo]

Little Darlin' Little Darlin'
Won't you let me
Let me love
love you like I

Like I want to, like I want to Little Darlin'
Because you know
I'm dying to ... dying to love you

Little Darlin'
I am dying just for you
