"Speak to the Keys"

Make a joyful noise
A song that surpasses understandin'
A song that speaks to the deaf

Speak to the keys and let the keys speak
And let the keys speak mmmmmmmm
Speak to the keys and let the keys speak
Just let the keys speak...to you

All the way through the night
It will cradle your mind
It fills your head from ear to ear

Speak to the keys and let the keys speak
And let the keys speak mmmmmmmm
Speak to the keys and let the keys speak
Just let the keys speak...

From ear to ear
There is no room
From ear to ear
There is no room
For anything

From ear to ear
There is no room
For anything
But beauty here

do-do-do-do-do-do
do-do-do-do-do-do

Symphonies will fill your dreams
Melodies sing you to sleep

Speak to the keys and let the keys speak
And let the keys speak mmmmmmmm
Speak to the keys and let the keys speak
Just let the keys speak...to you

do-do-do-do-do-do-do do-do-do do-do
