I never believed in love
I was deceived by love
I never had much luck
With lovers before

And I couldn't compete
I seemed
Just part of the street
To be walked on
By everyone but then

Then I found
A very special love in you
It's a feeling
That's so totally new
Over and over
It's burning inside
And I found
A very special love in you
And it almost breaks me
In two
Squeezing me tighter
But I'm never gonna let go

You're not like the rest
I know
You're one of the best
You give more
Than you should
And take nothing
In return

Stay always with me
And I always will be
The one person
That you can count on
Always to love you

And I found
A very special love in you
It's a feeling

That's so totally new
Over and over
It's burning inside
And I found
A very special love in you
And it almost breaks me
In two
Squeezing me tighter
But I'm never gonna let go

And I found
A very special love in you
It's a feeling
That's so totally new
Over and over
It's burning inside
I found
A very special love in you
And it almost breaks me
In two
Squeezing me tighter
But I'm never gonna let go
