(with Johnny Rodriguez)

J: You knew I'd come around again, baby
I knew you'd let me in again, baby
Neither one of us is strong enough to tell the other one
goodbye

C: Help yourself to me, I help myself to you
What in the world are we gonna do?

Who gives us the right to be wrong one more night?

J: 'Cause my best friend is your husband

C: & my best friend is your wife

(Chorus:)

BOTH: Don't you know, I hate the way I love it

Don't you know, we got to pull away from it

Don't you know, I hate the way I love it

J: When I'm wantin' you & needin' you the way I do

BOTH: I can't stay away from your love

C: Lyin' here with you tonight, baby

Away from all the city lights, baby

Never feelin' any shame for the game we are playin'

J: There's a vacancy across the way

Where other lovers just like us will play

For the foolproof alibi that we made up together

J: But my best friend is your husband

C: & my best friend is your wife

(Chorus)

(backing vocals: I can't stay away from you

No no no I can't stay away from you)

(Chorus, fading)
