Hey, you're not at home
Or never answer
Pick up your telephone

Stop this teenage movie we've lived
Stop this teenage movie, you dig?

I'm ready to roll the end credits

Ready for the curtain call

You think you're blowing me off
Well, maybe you are
Maybe I say sour grapes
I still never want to see you again

Stop this teenage movie we've been in
Stop this teenage movie, you dig?

I'm ready to roll the end credits

Ready for the curtain call

End credits
