What, you can't say hi?

Hello, how are you?

No, I can't say hi

Hello, Hello

Just want to walk on by

Like I don't know you

No, I can't say hi

Hello, Hello

I see you walking down the street

I look at the ground

So our eyes don't meet

'Cause I can't deal with small talk

No, not today

Not to mention I can't even remember your name

Yeah, don't it start with a D or a G?

Something like David, Gavin or Donny

Well, it makes no difference

We're not gonna meet

'Cause when I saw you coming

I just crossed the street

No, I can't say hi

Hello, how are you?

I can't say hi

Hello, Hello

Just want to walk on by

Like I don't know you

No, I can't say hi

Hello, hello

I know it's no big deal to nod or to wave

'Cause that's all that's required

In these situations

I barely know you

God knows where we met

Yeah, at some stupid party

Around a bathroom sink

Well, that still don't mean

I got to stop in my tracks

Every time I take a walk to relax

Yeah, it just don't matter

’Cause we’re not gonna meet
When I saw you coming
I just crossed the street

No, I can’t say hi
Hello, how are you?
No, I can’t say hi
Hello, Hello
Just want to walk on by
Like I don’t know you
No, I can’t say hi
Hello, Hello

When I see you coming
When I see you coming
I just want to cross the street

I can’t say hi
Just want to walk on by
No, I can’t say hi
Just want to walk on by
Good-bye...
