Jesse: Baby, can we talk  
Jenny: That's sounds heavy  
Jesse: No, it's just, well, I just wanted to tell you how I  
feel about some stuff.

Your move  
I said I love you  
Now it's your turn tell me the truth

Look, I know you want  
Your career to take off  
Yeah, the last you need is some dude

But I know from experience  
That this feeling is unusual  
Yeah, time just isn't limitless  
There are moments when you just have to  
Let yourself go

Come on baby  
It's three lousy words  
Would it kill you to say how you feel?

Look, this ain't your job  
You can show a little heart  
You are not in some part in a film

Look, I know from experience  
That these feelings just don't come and go  
Look, life isn't all show business  
There are moments when you just to  
Let yourself go

Let yourself go  
Let our thing grow

Jenny: Listen, Jess. It's not the career stuff. It's you.  
This just isn't working for me. Maybe we should just  
be friends.

Your move  
Jenny: Weren't you just listening to me?

Now it's your turn to say how you feel  
Jenny: Jesus. Come on, Jess...

Look I know you want  
Your career to take off  
Jenny: You're really not taking this in.

But I know from experience  
That this feeling is unusual  
Yeah, time just isn't limitless  
There are moments when you just have to  
Let yourself go

Let yourself go  
I know you want to  
Let yourself go  
You know you want to  
Let yourself go  
I know I want to  
Let yourself go  
You know you want to
