Social life  
Social life  
Everybody thinks I need more social life

Â“You look so paleÂ”  
Â“You look like youÂ’ve been living in a jailÂ”

Oh, everybody thinks I need more social life

Social life  
Social life  
Everybody else is going out tonight

Â“DonÂ’t you care Â‘bout whatÂ’s going on?Â”  
Â“This isolationismÂ’s gone too farÂ”  
Come on

Everybody else is going out tonight

Social Life  
Social Life  
Everybody thinks that I am not all right

Â“We think itÂ’s time that you do get some helpÂ”  
Â“We worry that youÂ’re gonna kill yourselfÂ”

Everybody needs a little social life

Social life  
Â“You gotta have a littleÂ”  
Â“WhatÂ’s the matter with you?Â”  
You gotta get outta that apartment  
Come up for airÂ...
