Long time no see
Can't wait to hear what you want from me
Oh, could it be time to admit
That you have been in love with me since we were six?

That would be too good to be true
That you'd feel the way that I have about you
I know something else on your mind
There's gotta be a reason after all this time

You say, "Give me a hand
I thought you'd know a decent wedding band
I'm getting married
Oh, could you call a few musician friends?"

You got me totally wrong
I don't know the kind of folks those do those songs
This is just like we're in school
You never really understood that I could be cool

At least in my mind I thought that I was
But I guess f I was that you would've loved
Me instead of who is the guy?
The guy that you are gonna spend the rest of you life

You say, "Give me a hand
I thought you'd know a decent wedding band
I'm getting married
Oh, could you call a few musician friends?"

Long time no see
This ain't exactly how I hoped it would be

You say, "Give me a hand
I thought you'd know a decent wedding band
I'm getting married
Oh, could you call a few musician friends?"
