Remember...

Remember how you cried
Tears for a half-written tune
Emotion you can't buy
That's reason enough for loving you
At the time

Yeah, I needed smiles, needed kind loving words from
you
I needed miles and miles of cushioning
Yeah, I'd have lost my mind at the time if I's without
you
But that is over now...
Your yesterday's muse

Remember how you'd write
A missing word that rhymes with 'blues'
Craft an absurd fight
Material that I could use
Over and over...

I needed rhymes, storylines, good advice from you
I needed miles and miles of assisting
But that was that time, now I'm fine, still I do miss you
Light a candle
For yesterday's muse

Sadly replaceable
But unforgettable
So light a white candle
Oh, baby...
For yesterdays muse

It's the least I can do
For yesterday's muse

Vâ'yitkadahl vâ'hitkaddash shâ'may rabah

Remember how you cried
Tears for a half-written tune
Emotion you can't buy

That's reason enough for loving you

Remember how you'd write

A missing word that rhymes with 'blues'

Craft an absurd fight

Material that I could use

Over and over...
