Did I ever tell you how you live in me?
Every waking moment, even in my dreams
And if all this talk is crazy and you don't know what I
mean
Does it really matter, oh, just as long as I believe

I will love again though my heart is breaking
I will love again, stronger than before
I will love again even if it takes a lifetime to get over
you
Heaven only knows, I will love again

People never tell you the way they truly feel
I would die for you gladly if I knew it was for real
So if all this talk sounds crazy and the words don't
come out right
Does it really matter, does it really matter, does it
really matter
If it gets me through this night

I will love again though my heart is breaking
I will love again, stronger than before
I will love again even if it takes a lifetime to get over
you
Heaven only knows

If I'm true to myself nobody else can take the place of
you
But I've got to move on, tell me what else can I do

I will love again, though my heart is breaking
I will love again stronger than before
I will love again even if it takes a lifetime to get over
you
Heaven only knows

Oh, I will love again, I will love again, I will love again
(I will love again)
One day I know, I will love again
(I will love again)

You can't stop me from loving again

Breathing again, feeling again
I know one day I'll love again
(I will love again)

Loving again, breathing again, feeling again
Loving again, breathing again, feeling again
Loving again, breathing again, feeling again
Loving again, breathing again, feeling again

I will love again though my heart is breaking
I will love again stronger than before
I will love, I will love, I will love

I will love again, even if it takes a lifetime to get over
you
Heaven only knows

I will love again though my heart is breaking
I will love again stronger than before
I will love again even if it takes a lifetime to get over
you
Heaven only knows
