You're the first in my life
To make me think
That we might just go all the way
And I, want you to know we're all hanging on
They'll come and yes they'll try
To break us down
But we know that we'll never lose
If we keep moving forward and don't look back
With the world at your feet
There's no one you can't beat
Yes it can be done
With the world at your feet
There's no height you can't reach
This could be the one
It's calling, it's calling you now
You know it's going to be our time
'Cause the world is at your feet, yes the world is at your
feet
Like stars in the sky burning bright
Seen by a billion eyes know I
Want you to know we're all turned your way

You'll lift it up
With one proud kiss
There's nothing else
That feels like this
So lift your arms
And everyone sing
With the world at your feet
There's no one you can't beat
Yes it can be done
With the world at your feet
There's no height you can't reach
This could be the one
It's calling, it's calling you now
You know it's going to be our time
'Cause the world is at your feet, yes the world is at your
feet
