I don't wanna stay lost here in the night
I can see a glimpse
I can see a light, it's you
I know it's you

Just another dream, just another lie
That's what people say
But they don't realize that I
I know you're coming for me

They say I'm going crazy
Don't care how long it's taking
I know you're down the road
Almost at my door

Endless sun through my window
I'll say goodbye to the night
So I won't close my eyes
Till I see your face

I can see it now, a picture in my mind
Comin' through the dark
And lightin' up the sky, it's you
I know it's you

Just another dream, just another lie
That's what people say
But they don't realize that I
I know you're coming for me

They say I'm going crazy
Don't care how long it's taking
I know you're down the road
Almost at my door

Endless sun through my window
I'll say goodbye to the night
So I won't close my eyes
Till I see your face

(I hear a knock)
My heart is racing

(I know it's you)
There's no mistaking, yeah

It's you
(Run to the door)
As it flies open
(Fall to my knees)
In pure emotion, yeah
It's you

They say I'm going crazy
Don't care how long it's taking
I know you're down the road
Almost at my door

Endless sun through my window
I'll say goodbye to the night
So I won't close my eyes
Till I see your face
