In this world of hate and pain  
I march against the intolerance  
People don't understand it, don't like it  
Don't want it but I never give up  
Many managed to stay on top  
'Cause they've been always true and real  
Sometimes when I'm lying in bed  
I close my eyes and start to dream

When the moon stands high  
And sheds it's light  
All the dark clouds disappear  
Then I get up  
And walk outside  
To the dark night without fear

The tranquility is brilliant  
Together we'll make it through  
Now the time is right  
To set my anger free  
Many managed to stay on top  
'Cause they've been always true and real  
Sometimes when I'm lying in bed  
I close my eyes and start to dream

When the moon stands high  
And sheds it's light  
All the dark clouds disappear  
Then I get up a  
And walk outside  
To the dark night without fear  
I see the crowd  
High on a hill  
And I will soon be there  
I can't believe,  
I realize  
My friends are everywhere
