I was born in a land, that is cold, yes it snows,
Mama was passing through, gave me no choice, only
she knows
Just like a creole cookie, milky white & chocolate brown
Jealous, angry peers, they call me a living lie

CHORUS

Don't know who I am boy
Don't know what I am Lord
Mama, Please tell me, there's a plan here
Cos what I am, don't wanna be
A nomad woman

I sometimes think I'm from another place
On a mission here, from outerspace
Is Planet Zolga a reality?
I'm trying to place my identity

CHORUS

Don't know who I am boy
Don't know what I am Lord
Mama Please tell me, there's a plan here
Cos what I am, don't wanna be
A nomad woman

Bridge

AfroScat

CHORUS

Don't know who I am boy
Don't know what I am Lord
Mama, Please tell me, there's a plan here
Cos what I am, don't wanna be
A nomad woman

CHORUS

Don't know who I am boy
Don't know what I am Lord
Mama, Please tell me, there's a plan here
Cos what I am, don't wanna be
A nomad woman
