Think about the first time  
You grabbed my hand  
When no one understands me  
So lead the way  
All is lost there's no more answers  
So heres to us  
A written script with the ripped up pages  
A new start  
To fill the void of our two broken hearts

(So why do you run)  
She sees you waiting there  
To make a desperate move  
(I always seem to lose)  
She sees you waiting there  
To make a desperate move  
(She's breaking all the rules)

I never wanted this I never wanted this  
To pan out the way it did  
Now that we are disconnected  
Fallen lines  
I'm talking to myself while I am wasting all my time  
Yeah I'm wasting all my time

(So why do you run)  
She sees you waiting there  
To make a desperate move  
(I always seem to lose)  
She sees you waiting there  
To make a desperate move  
(She's breaking all the rules)

Think about the first time

She sees you waiting there  
To make a desperate move  
(I always seem to lose)  
She sees you waiting there  
To make a desperate move  
(You're always gonna lose)
