Today I'm seeing things differently  
In some way I feel like nothing's changed  
A new scene, cast and different names  
They're all the same

Jump back to the way it used to be  
When good times weren't just a memory times change  
but thats ok  
But there's one last thing to say

I'm moving on cause I wanted to  
And holding on cause I needed you  
You and I, we'll stand up tall let the sun shine in our  
eyes  
I wish I could make this real for you

All promises broken as you slowly drift away  
Just another day hoping ties will fade  
I'll write cause I dont know what to say  
No plans cause your break them anyway  
Its too late for all this shit to fall apart

I'm moving on cause I wanted to  
And holding on cause I needed you  
You and I, we'll stand up tall let the sun shine in our  
eyes  
I wish I could make this real for you

Its been comin for a long time  
You can see it past the sunrise  
Sit back, relax, press rewind  
Standup, get on with your life  
(Hey, Hey, Hey)

And we're not done
