Im holding out for twilight
The time between our highlights
We wait for something better
To come along, and
Pick us up when we're down
Constantly, and I found
The one thing that can save me
I already have
And that's the start of our show
Been waiting heavy-hearted too long
And the faster we go
The less I
Can hold on
So like a new child
I sit and watching with wishful eyes
That's the start of our show
We'll take this one slow
The score is now 10 to 1
The day that I said Im done
And ripping your heart out right
Is not what I had in mind
You'll find me standing right there
Waiting at our ten year
I hope time doesn't change you
And I pray that it fixes me
That's the start of our show
Been waiting heavy-hearted too long
And the faster we go
The less I
Can hold on
So like a new child
I sit watching with wishful eyes,
That's the start of our show
We'll take this one slow
Slow....ly
I know
I can't break through
When my bitter heart
Hit my unkept mind
That's when I lost touch with you
That's the start of our show
Been waiting heavy-hearted too long

And the faster we go
The less I
Can hold on
So like a new child
I sit watchin with wishful eyes
That's the start of our show
We'll take this one slow
