It started when
All was lost and found
The wrong way out of this town
I'm out
Susceptible to those lies
Past that now I
Have had enough
I've been let down too many times to do this now
And waste away another day
Like another wasted saturday
So do I have to worry
When I'm hearing some sad story
About what you're doing with you're life now?
Or should I sit and pretend
That we never really were friends
It's over now
All's been lost when you're found
Head down against the ground
I'm out
There's a reason for red swollen eyes
Past that now I
Have had enough
I've been let down too many times to do this now
And waste away another day
Like another wasted saturday
So do I have to worry
When I'm hearing some sad story
About what you're doing with you're life now?
Or should I sit and pretend
That we never really were friends
At all
As I recall
That's not the way it's supposed to be
Through it all
You let me down sometimes
But I never drowned you out
Watch you fall
And break down
Do you sustain now?
