I woke up this morning and I started thinkin' about you
The way you smile the way you laugh the way you smell
The way you do that thing you do
And I...I...

I got to thinkin' maybe we could get together you know
Hang out spend a little time
You know maybe we might hit it off
We might like cook

We might find out we were made for each other
We might end up walkin' down the aisle &
Settin' up a little house &
You know havin' little children runnin' around &
Gettin' old with each other & I can see the whole thing

Groove w/ me baby
All night long
Groove w/ me baby
The groove is so strong
Groove w/ me baby
We're doin' no wrong
Tell me can't you see all that we could be
Oh hey

Sometimes I can't help myself my mind just starts to
wander
My imagination just goes crazy & I start thinkin' about

Man we could have so much love that it would just kind
of
Overflow & run down the street & all over the whole
world & before too long

Everybody would be in love and they'd be groovin' on
each other and diggin' each other &
There wouldn't be no more fightin' & everybody would
get along & can't you see it
Can't you just ...come on ... Ah

Groove w/ me baby
All night long
Groove w/ me baby

The groove is so strong
Groove w/ me baby
We're doin' no wrong
Tell me can't you see all that we could be
Oh hey
Let your imagination go boy you never know
Oh hey
