(Lari White/Tom Shapiro/Chris Waters)

I've got a closet full of sensible shoes
I keep my head never lose my cool
I'm well known for my practical ways
But ooh one of these days

I wanna be somebody's fool
I wanna be somebody's fool
Laughing in the rain
Dancing in the dark
Crazy in love up to my heart
I wanna be somebody's fool

Over the edge head over heels
Out of control how does that feel
Just for once in my logical life
Ooh I gotta know what it's like

I wanna be somebody's fool
I wanna be somebody's fool
Laughing in the rain
Dancing in the dark
Crazy in love up to my heart
I wanna be somebody's fool

Laughing in the rain
Dancing in the dark
Crazy in love up to my heart
I wanna be somebody's fool
I wanna be somebody's fool
