You've got two hands.
I'm watching them move.
Had a big plan.
It's long overdue.
Every minute I wanna be in it but you're drifting away.

Gonna hold on
until you let go.
It's been so long;
You're still dragging me slow.
'Til the day that you ask me to stay, I'll be waiting some
more
'cause i've been here before.

I've got time
to show you what my love is worth.
I try.
If you need some time to say you're mine,
I've got time.

I have told you
I have nothing to hide.
You're afraid to.
I know you're inclined
to be proud. Just let go of your doubt. I'm reminding
you how
if you want to find out.

I've got time

to show you what my love is worth.
I try.
I won't stop until you see
(that) you're supposed to be with me
and you're all i'll ever need and so
it's fine
(if) you need some time to say you're mine.
I've got time.

I've got time
to show you what my love is worth.

I try.
(I) won't stop until you see
that you're supposed to be with me
and you're all I'll ever need and so
it's fine
(if) you need some time to say you're mine.
I've got time
