To see the flame become an endless try for me  
The truth in me has a tendency to flee  
With all my poisoned dreams I couldn't see the real in  
me  
That ceased my faith to be, how could it be?

Frail I stand  
Facing to the rain that washed away my pain, the love I  
never felt  
Frail I stand  
Facing to the hate that washed away our names, the  
love I never gave

Rebelions bound has become the pain I feel  
The sacred tears made a pond where all it drowns  
With all my poisoned dreams I couldn't see the endless  
fears  
That ceased my faith to be, how could it be?

Frail I stand  
Facing to the rain that washed away my pain, the love I  
never felt  
Frail I stand  
Facing to the hate that washed away our names, the  
love I never gave

All in the dreams we built  
Forevermore the guilt  
And it shall rise upon for a  
race against this night  
I hide to see the light

All in the dreams we built  
Forevermore the guilt  
Race against this night  
I hide to see the light  
All in the dreams we built  
Forevermore the guilt  
Race against this night  
I hide to see the light
