Well I must be crazy
But I keep on dreamin' & prayin'
You might be comin' back soon

Keep on hopin'
For all the good it does me
Lord, I might as well be talkin' to the moon

Well I keep on thinkin'
That maybe, baby
You might be changin' your tune
Keep on hopin'
For all the good it does me
Lord, I might as well be talkin' to the moon

[Bridge:]
'Cause the moon don't seem to answer like it used to
Back years ago, we'd talk for hours at a time
& you don't seem to love me like you used to
That long ago, when you were mine, when you were
mine

I keep on thinkin'
That someday, some way
You might be changin' your tune
Keep on hopin'
For all the good it does me
Lord, I might as well be talkin' to the moon

(Crazy, dreamin', prayin')
Well I keep on hopin'
For all the good it does me
Lord, I might as well be talkin' to the moon

(repeat verse 1)
(repeat verse 2 & fade)
