We both look like grown ups to me
And we both look like we're both in need of a little bit of
company
Since we both look like we both know what to do

What are we doin' lonesome?
What are we doin' blue?
What are we doin' blue?

Came in here to kill a little time
Maybe find a heartbeat, the summer of a vital sign
To make sure we're still livin' after all, after the fall

We shared a drink and a little bit of conversation
What we're feelin' now really don't need no explanation
Since we both look like we both know what to do

What are we doin' lonesome?
What are we doin' blue?
(Why are we still blue?)
What are we doin' blue?

'Cause we both look like grown ups to me
And we both look like we're both in need of a little bit of
company
Since we both look like we both know what to do

What are we doin' lonesome?
And what are we doin' blue?
(Why are we still blue?)
What are we doin' blue?
