CHORUS

For your love, I've searched so long
Now I've found, Where I belong
Your what my hearts, Been dream'n of
I've been waiting, For your love

You have stopped, A roll'n stone
I'll be true, To you alone
Say your heart, Belongs to me
For your love, Is all I need

CHORUS

For your love, I've searched so long
Now I've found, Where I belong
Your what my hearts, Been dream'n of
I've been waiting, For your love

You have my heart, Now take my hand
At the alter, Let us stand
With everything, That's mine to give
For your love, I want to live

CHORUS

For your love, I've searched so long
Now I've found, Where I belong
Your what my hearts, Been dream'n of
I've been waiting, For your love
