The world is standing in front of me
Sometimes it's hard for me to let go
My flesh begins to rise
and I find out there's things I don't know

I'm standing here but no one cares
I'm crying out but no one's there
And I am me but who am I?
And will I ever find the reason for life?

But I see you there
Arms around me
Arms around me
And I have no fear
You're all around me
You're all around me
You're all around

On the surface
People live and die
Wonder why, I wonder why
They go through life
Feeling lost
Never knowing who paid the cost
And Lord give me the strength
To find the fake in this world
Help them to see the light in me
Even though I'm so afraid
Of it all

But I see you there
Arms around me
Arms around me
And I have no fear
You're all around me
You're all around me
You're all around

And I am so afraid
Then I remember
The price you paid

But I see you there
Arms around me
Arms around me
And I have no fear
You're all around me
You're all around me
You're all around

Repeat

The world is standing in front of me
And sometimes it's hard for me to let go....
