I'm tired but I can't sleep  
Cause when I'm awake  
I'm daydreaming  
About your lovely face  
Just in case you haven't noticed  
I'm not over you

\*CH\*

I cant sing when you're away baby  
I cant sing when you're away  
I can't sing when you're away  
I can't sing when you're away...baby

We talked the other day  
It's funny you didn't had much to say  
Please leave a message after the beep  
I didn't have much choice  
I had to hear your voice

\*CH\*

I cant sing when you're away baby  
I cant sing when you're away  
I can't sing when you're away  
I can't sing when you're away...baby

Some might call it desperate  
Seme might call it crazy  
I just long to be with you  
There in San Clemente  
Im not over you  
Im not over you  
Im not over you  
Im not over you

\*CH\*

I cant sing when you're away baby  
I cant sing when you're away  
I can't sing when you're away  
I can't sing when you're away...baby
