I close my eyes to take it in
You've found me
I breathe your mercy once again
You are so holy
I want to
Know you like you
Know me

It's your love that makes me alive
It's your love that makes me alive
And i feel it everytime
You're near to me
You make my heart sing
You're near to me
You are my everything
I sing to you I bring to you
All of me that you see
Im letting go all my
Fears so
